No 61

PROGRESS IS SLOW

FOLLOWING UP RETREAT.

Russians have Occupied Positions at The Pass and Order is Restored.

Bulletin Special.

The Pass, March 15th.—As after Liao Yang the Japanese advance against the new Russian positions is necessarily slow. It is possible however that a wide Japanese turning movement is in progress. In the main Russian army order is being brought out of chaos with celerity. The plain in front of the Pass which seethed with men, animals and vehicles is now cleared and the last corps of Gen. Zinevich's command entered with hands playing and banners flying and in perfect order.

No Peace Proposals.

Bulletin Special.

St. Petersburg, March 15th.—As a bold way out of the perplexities it is suggested that the Czar travel in state to his ancient capital at Moscow and summon the nobles and zemstvos around him in the sacred Kremlin and frankly lay the situation before them publicly pledge his word for reforms, and make a personal stirring appeal for help to carry on the war to a successful termination. There is no talk of peace here, Russian prestige must be redeemed before peace can be considered.

Election Case Settled.

Bulletin Special.

Winnipeg, March 15.—The Grand Jury this afternoon returned a true bill against Lawrence Duggan, of Selkirk, for irregularities in connection with the voters lists. No bill was returned in the other election cases, namely against R. E. A. Leach, Liberal organizer, who was charged under four counts, Alexander A. Yett, returning officer, and Alfred Adolphe deputy returning officer for Provencher, and J. B. Jickling, returning officer for MacDonald.

Born Again.

Bulletin Special.

Montreal, March 15.—The Conservative organ Le Journal, which was snuffed out last Saturday, re-appears next Saturday under a new name. It will be a ministerial organ.

NINETEEN BURNED

IN A NEW YORK TENEMENT.

Fatal Fire in which few Escape Injury—Roasted in Plain Sight.

Bulletin Special.

New York, March 15.—Nineteen persons were burned to death in a fire which destroyed a five-story tenement today. More than 40 people were injured and only a few sleeping inmates escaped unhurt. Several were roasted to death in plain view of thousands on the street.

Thistles Beat the Wanderers.

Bulletin Special.

Montreal, March 15.—6000 spectators saw the Rap Portage Thistles give the finest exemplification of hockey ever seen in this city in an exhibition game with the Wanderers. The Thistles registered a one-sided victory, scoring almost at will on the local team, but they aroused the crowd to the wildest enthusiasm by their clever work. Score 14 to 5, half-time 7 to 4.

Winnipeg, March 15.—Victoria Senators beat Rowing Club, by 30 to 4.

CURLING.

The semi-final in the Edmonton Bowling Cup was played last night between the rinks of Dowsett and Emery and was won by the latter. The final for this Cup will be played tonight between Emery and Morris. Last night's scores were:

W. W. Webb,
C. Nairn,
J. E. Wize, Skip—4.

J. K. Kennedy,
St. G. Jellott,
E. C. Pardee,
J. C. Emery, Skip—10.

J. J. Anderson,
A. Archibald,
J. B. Mercer, Skip—8.

Dr. Smith,
A. Harrison,
H. C. Taylor, Skip—7.

Thursday draw:
Preston vs. Morris,
Dowsett vs. Kinnaird,
Mathers vs. Galbraith.

HOCKEY

In a very one-sided game the Edmonton hockey team got away with Olds last night 8 to 0.

Strathcona defeated the Calgary team last night 14 to 1.
Calgary and Edmonton play here tonight.

THE SCHOOL QUESTION.

LITTLE DISCUSSED IN THE WEST.

The Location of the Capital, the Inter-provincial Boundary, and the Public Lands.

(Special Correspondence of the Toronto Globe.)

Calgary, Feb. 25.—I have talked a great deal with all sorts and conditions of men about the questions arising out of the creation of the two new provinces, and I find that the chief subjects of discourse here are the location of the Alberta capital, the dividing line between the two provinces, and the right of the provinces to the public lands. It is necessary to say (but the decision to make the provisional capital at Edmonton has naturally made the Calgarians critical of all the features of the bills. The school question is of course, discussed, but so little has it been a question here that even among highly intelligent men some erroneous ideas prevail. The stand taken by the Toronto papers has naturally stimulated apprehensions, but when the privileges enjoyed by the Roman Catholics in Ontario with respect to their schools are compared with those enjoyed by their co-religionists in these Territories, the discussion usually ends in the declaration that the special advantages which they enjoy here would not justify the heart-burnings that such discussions unquestionably leave behind them.

A number of well known Calgarians were discussing the school question at a street corner of the town yesterday—among them such men as S. C. Lett, Dr. Brett, J. J. Young and a King's Counsel, whose name escapes my memory. One gentleman was evidently inclined to think that denominational schools in the Territories and in Ontario were one and the same thing. An Ontario man who was present pointed out that in Ontario the Department of Education had no control over the text-books in separate schools, and that therefore, there was no public security that the children's time is not trifled away. The Ontario department had no supervision of the qualifications of teachers, and even the Government inspection is incapable of remedying defects although the inspectors may be aware of them and desirous of removing them. In the Territories the text-books are alike in all schools, except in the two lowest grades. Every teacher must have a professional certificate satisfactory to the Department of Education, and conditions must come up to the standards of the Government inspectors. It was admitted by the members of the little gathering that the two systems were not comparable at all. Dr. Brett argued that the fact that the Dominion Parliament recognized these schools would incite the minority to be always agitating in and out of the Legislature for greater privileges. It is scarcely likely that placing the matter wholly within the powers of the Legislature would exempt it from this species of application. It is worth noting that neither the Herald, the Conservative evening, nor The Albertan, the Liberal morning paper, has opposed the proposed continuance of the present educational conditions, but on the contrary, they have rather resented the interposition of the eastern press.

H.B.K. BRAND

BIG SHIRT

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39½ to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39½ to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

Happenings and Signs of Progress in the North-West.

NEW C.P.R. SHOPS.

The Moose Jaw Times says:—
The Canadian Pacific Railway company are contemplating extensive expenditures on this division during the coming season. A representative of this paper interviewed Supt. Brownlee, regarding the amount of work that will be carried on by the company during the coming summer, and was informed that extensive improvements all along the division are under contemplation, the total cost of which will amount to \$577,058.88. These figures represented mainly the appropriation for new, section houses and stations. Plans are under way for the erection of a large machine shop at Moose Jaw at an estimated cost of \$43,850. The shop will be located adjacent to the round house and will be thoroughly equipped throughout. Another addition to the company's works here will be an air plant for testing all locomotives and cars to ensure the proper operation of the air brake attachments. This plant will be installed at a cost of \$2,181.

WILL PROSECUTE MORMONS.

MacLeod Gazette:—Wholesale prosecutions of Canadian Mormons on the charge of polygamy are contemplated at Raymond. It appears the mounted police have been led to take action against the alleged polygamists by the fact that a well known resident of Magrath has brought to Canada two wives whom he married in Utah, when such marriages were considered legal. The Magrath man asserts that such marriages were there considered legal. The Magrath man maintains no relations with one of his wives. Nevertheless he has been given the choice to leave the country or be prosecuted for polygamy. This is consistent with the action taken by the mounted police in former cases.

For a long time rumor has been busy with the names of men who were charged with being polygamists, but it could not be proved that they had any but their legal wives in Canada.

Speaking on the subject the Raymond Chronicle, edited by Gentiles, says: "This is said to be only the beginning of an investigation which we have every reason to know will be welcomed by those with whose name gossip has been busy and who could do nothing themselves to institute proceedings to have the report proved unfounded."

"In justice to this community and of those who have been named by rumor as law-breakers, the authorities should either prove these charges or put a stop to circulation of them."

On the other hand as the Mormons will probably have control of the seats in the coming legislature of Alberta, the Gentile population is anxious to have the matter fully investigated before politics interfere.

PROGRESSIVE CLARESHOLM.

Calgary Herald:—It is doubtful if any rural town in Alberta ever experienced such a rush of building as Claresholm is now seeing. At present there are either in the course of erection or completion the following, furniture store, general store, butcher store, clothing store, wholesale liquor store, drug store, and furniture store, real estate office, implement warehouse, blacksmith shop, and Chinese restaurant, beside seven residences and several barns, etc. All the carpenters in the country are busy. The fine weather started the building operations off at a great rush. Some are inclined to believe that the town is growing too rapidly but the quite confidence of the business men, the late heavy immigration and the fall wheat prospects are ample assurance.

LETHBRIDGE WATER RATES.

From the News:—Public buildings, Bakeries, 1st tap \$10.00, each additional tap, \$5.00; Blacksmith shops, Banks, Bars, Billiard Halls, Butcher Shops, Cigar Manufacturers, Club Rooms, Green Houses, Lodge Rooms, Offices, Photo Galleries and stores, \$20.00 for first tap and \$5.00 for each additional tap. One tap in dwelling houses costs \$20.00, and \$3.00 will be charged for each additional. Churches (for church purposes only) \$12 and \$5.00; Dyeing establishments, \$18 and \$5; Gardens or lawns, 2000 sq. ft. or less, \$4.00 per season; Hotels \$50.00.

Continued on page six

SUMMING UP

THE principal features of my Pharaoh Cigar are as follows:

- 1.—Cuban filler—I select from the best grown in the Manicouaga district in the Province of Santa Clara.
- 2.—Connecticut Broadleaf binder—the most expensive grown.
- 3.—Clear leaf Sumatra wrapper, I import direct from Holland.
- 4.—I do not work any tobacco until I age it at least three years—then the taste and fragrance are fully developed.
- 5.—Each cigar is rolled by hand, under my personal supervision—I secure in Pharaoh a steady, even combustion and a cool, sweet smoke.

CONFLICTING REPORTS

OF THE CABINET SITUATION.

Rumors of Mr. Fitzpatrick's Intention to Withdraw—"Witness" says the Problem is Solved.

Bulletin Special.

Ottawa, March 15th.—A rumor of the probable resignation of the Hon. Chas. Fitzpatrick Minister of Justice is being vigorously denied by the Government papers but if the educational clauses of the Autonomy Bill are seriously amended he might be expected to consider the position. The Montreal Witness says that the Autonomy Bill will not be read a second time until next week, that a basis of agreement has been arrived at, and that the cause of delay is to give ample time to draft new clauses of which ample notices will be given.

NEW FIRE GONGS

FOR THE PUBLIC SCHOOLS.

The Public School Board Met Yesterday in Regular Session.

The board of the public school met yesterday in the office of the secretary.

A letter from J. Morga applying for the position of principal of the teaching staff was referred to the school management committee.

WATER RATES

The Finance Commissioner of the city wrote re water rates. The secretary was instructed to reply that the revised rates were not satisfactory and that the board would not accept the proposal to install a meter for a time and adjust the rates from this.

NEW TEACHER EMPLOYED

The secretary announced that he was in receipt of a letter from Miss Logan accepting the vacant position on the teaching staff and stating that she would begin duties on April 1st.

FIRE GONGS

The secretary reported that the fire gongs for the schools had arrived. These will be installed at once and a system of fire drill will be begun to provide for emergencies.

TENDERS FOR A LICENSE TO CUT
TIMBER ON DOMINION LANDS
IN THE DISTRICT OF
ALBERTA.

SEALED TENDERS addressed to the Timber and Mines Branch, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 1216," will be received at this Department until noon on Wednesday, the 15th day of April, 1905, for a license to cut timber on Berth No. 1216, commencing 10 square miles to be selected from more than 3 blocks within the tract covered by the north half of Township 41, Ranges 5 and 6, west of the 5th Meridian, excluding Sections 19, 20, 23, 27 and 35, of Township 41, Range 6, west of the 5th Meridian, and also any portion of T.B. 561 which falls within the tract.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department, or at the office of the Crown Timber Agent at Edmonton, N. W. T. Each tender must be accompanied by an accepted cheque on a chartered bank in favour of the Deputy of the Minister of Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

No tender by telegram will be entertained.
PERLEY G. KEYES, Secretary,
Department of the Interior,
Ottawa, March 1st, 1905.

NOTICE.

No fee is hereby given that the partnership heretofore existing between Arthur Levasseur and Maurice J. Fitzgerald, butchers, has been dissolved this 4th day of March, 1905 by mutual consent. All accounts owing the said firms are payable to the said Arthur Levasseur, who will also pay, all accounts owed by the said firm. Signed,

WANTED.

GOOD AGENTS FOR THE
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

THE CITY COUNCIL

MEET IN REGULAR SESSION.

Grant to the Board of Trade.—Auditor's Report Dealt with.—Street Letter-boxes to be Established

The city council met in regular session last evening, all the members present.

COMMUNICATIONS.

The Commissioners were instructed to meet a committee from the board of Alberta College and report on the streets across college property.

A communication from F. Oliver, M. P. to the effect that the request of the council for the establishment of a militia corps would be taken up by the Militia Council at an early date, was ordered filed.

An application for relief was left with the Relief Committee for action.

The day operators at the telephone exchange applied for an increase of salary. The light, water and telephone committee were asked to take up the matter, the suggestion being made that a scale be prepared providing for increases according to length of service.

J. Walters applied for a license to operate a ferry opposite the city. The license was granted.

J. E. Bull of the Bell Telephone Co. asked the privilege of presenting the advantages of one of their switchboards. The letter was filed.

THE LAUNDRY PETITION.

The license committee recommended that no action be taken re licensing laundries, but that the health by-law be strictly enforced and the sanitary conditions of the Chinese laundries looked into. The report was adopted.

This introduced a discussion as to whether residence had to connect their premises with the sewer system. The secretary said a resolution of the council had been made to this effect but had not been acted on.

Several Aldermen had been under the impression that a by-law had been passed making sewerage connection obligatory. The records were searched and it was found there was such a by-law to go into effect June 1st, 1905.

An application for relief was referred to the relief committee.

The day operators at the telephone exchange applied for increases of salaries. The commissioners were instructed to report on the matter and to suggest a scale for adoption by the council which would make due allowance for length of service.

THAT DEPENDENT SALE.

Mr. Beck, city solicitor, wired from Winnipeg in answer to a question from the council saying that the city had deliberately given the prospective purchaser a special claim on the water works and had agreed to re-comp him for the interest on his money while it was awaiting the delivery of the debentures. After considerable discussion the finance committee were left in charge of the matter with power to act, and to get the opinion of a solicitor on the case.

H. D. JOHNSTON,
ARCHITECT.

2 They recommended that the
petition re the opening of First
street be sent back for proper signa-
ture.

3 That the city electric power
plant be operated day and night after
June 1st. The report brought out
a sharp difference of opinion among
the aldermen which was finally con-
promised by a resolution to the ef-
fect that the day service be begun
if business will justify it, and that
a canvas of the city be made with a
view to ascertaining how much
power can be sold.

The commissioners were instructed
to get up four street post office
boxes wherever thought most con-
venient. The accounts were passed
and ordered paid. Ald. Picard gave
notice that at the next meeting he
will move for the appointment of a
Secretary-Treasurer of the city.

AN ALBERTA COLLIERY.

Blairmore Times: The International Coal and Coke Company, at Blairmore, has now seventy-five miners at work and about fifty men on repair and construction work and this force will be largely added to in the near future. The main entry on this property is now on the coal vein, a depth of 3000 feet. This, with the workings in the slope, which now has a depth of 400 feet and gives a vertical depth on the coal of 325 feet below the main entry, will give plenty of room for miners and allow of the management largely increasing the output. At present the company is working but one shift and are getting out for shipment some 300 tons of coal per day. The output of these mines from now on need not be limited by the facilities for handling and loading the output after it leaves the mine, as they have the most complete and up to date plant capable of easily handling 2000 tons of coal per day.

The elevator at the tipple can hoist and load into the bins 150 tons an hour, while the compressed air locomotive, that handles the cars from the mine to the tipple can easily handle that amount of coal to the tipple. The output of coke from this property will soon again reach 125 tons per day, as about half of the coke ovens are already making coke and the balance of them will all be in operation by next week. The electric trolley cars, which are used for bringing the slack coal from the tipple to the coke ovens, and also in charging the ovens, is in operation and giving every satisfaction. The best of harmony prevails between the company and their employees and a contract has been entered into between them that does away with any fear of trouble for some time to come.

REGINA'S NEW LIGHTING SYSTEM.

Standard: The old electric light plant is no more. It had its finish Monday morning, and died at least having some things to its credit. Yet its demise has been anticipated with pleasure for some time past. At 3 o'clock Monday afternoon, Superintendent Johnston turned on the current which will furnish the electric power for the city in the future. There was not a hitch in any part of the fire machinery, and the engine men started out as if they knew what it had to do, even surprising the engineer who is here in the interest of the firm supplying the engine, to see that the big 400 horse power machine does its duty to the satisfaction of the city fathers and the public at large.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty, at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 or 1,000 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction thereof. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold. The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease. The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent. on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller. No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notices and paying fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee. Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent. of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion Lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery on an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

ONE of the advantages of the Cuban tobacco procedure, is that it is almost entirely cured by nature.

The climate is so hot that the tobacco cures naturally—the leaf is opened uniformly and the subsequent process of curing is greatly promoted.

With the exportation of the leaf from Cuba it is pretty thoroughly cured and preserved—and its fragrant aroma developed by having been slowly fermented. I allow it to remain in my warehouse from 2 to 3 years, until it has sufficiently aged and has that mellowness that age alone can give. It takes a lot of study and experience to know when Havana tobacco is just right. Flavored tobacco is always just right.

J. BRUCE PAYNE, Limited, Granby, P.Q.

EDMONTON ALTA. CANADA
POPULATION, 7,500
CITY GOVERNMENT:—
 Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.
Conveniences:—Waterworks, sewer systems, telephone system, electric lighting system, all owned and operated by the city.
Board of Trade:—President, J. H. Morris, Secretary, F. F. Tims.
Immigration Officer:—C. W. Sutter.
Educational Institutions:—Public and separate schools, high school, Alberta College.
CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.
TRAIN SERVICE:—Leaves *for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 11.50.

LOCAL

—Train on time.
 —Probs—generally fair, milder to-morrow.
 —Wild ducks have been seen in the vicinity of Lethbridge.

—Mr. Bell has opened a photo graphic studio in Port Saskatchewan.

—Harold Nelson and his company will revisit Edmonton in the near future, playing Paul Kuyper.

—The C. N. R. track to lead to New Baltimore, seven miles west of the bridge over the river.

—The Ogilvie Milling Co. are distributing through the mails hand-some calendars advertising Royal Household Flour.

—T. Irvine, formerly of the Great West Implement Company here, will open a real estate office in Strathcona.

—Calgary Herald: About midnight Friday night the southern heavens were illuminated momentarily by a brilliant flash. A meteor seemed to shoot through the sky earthwards but just where it is not known.

—The fire alarm sounded at noon and called out the brigade. They responded quickly and in good force. The fire was located at the residence of F. W. Hobson on Sixth street west and was extinguished with little loss.

—A correspondent in the Calgary Herald says: "There are families in Calgary today who send to Edmonton for all their groceries, and get them delivered here 15 per cent cheaper than they can be bought in this city, and this after freight has been paid both ways."

—The local Irishmen are completing the details for a suitable celebration of St. Patrick's day. A procession, with a drive round the city will be held during the afternoon. A banquet at the Criterion in the evening, followed by a literary and musical program will conclude the celebration. An effort is being made to have the business houses in the city close during the afternoon, but the result is not yet known.

—On Friday evening, March 3 a very successful party was given under the auspices of the C. M. B. Association was held in Beaudreux Hall, St. Albert. The prize winners were Miss Louise Flynn, St. Albert, first prize, a pair of Japanese vases, Mr. Geo. McLaurier won the gentlemen's first prize, a cigar holder. The booby prizes were won by Mrs. John O'Brien, St. Albert, and Mr. Chas. McLaurier, Edmonton.

—The action of the city council in making a grant toward the maintenance of the board of trade is a departure from the former methods of the council, it being the first time the board has asked for or received help. The grant as pointed out in the committee report in the request is made in consideration of the duties of the secretary and the board being materially widened. It is the intention of the council to which the board has agreed to combine with the ordinary business of such body the entire immigration effort and advertising campaign of the city. Hitherto these matters have been under the direct control of the council but the Aldermen considered that should the proper man be secured, as secretary the work could be more effectively done by the board of trade.

PERSONAL

M. D. Beck is in Ottawa.
 E. Carey came in today from Andrew.
 Commissioner Perry returned from the Port today.
 Mrs. Randall of Calgary, is the guest of Mrs. D. L. Scott.
 Kenneth Perry returned to Regina yesterday.

AGRICULTURAL INSTITUTE MEETINGS AND LIVE STOCK JUDGING SCHOOLS

Will be held under the auspices of the Territorial Department of Agriculture and the local agricultural society at the following places:

Strathcona Mar. 18, 8 p.m.
 Fort Saskatchewan Mar. 20 & 21.
 Edmonton Mar. 22 & 23.
 Wetaskiwin Mar. 24 & 25.
 Ponoka Mar. 27, 2 & 3 p.m.
 Lacombe Mar. 28 & 29.

The two day meetings will be Stock Judging Schools at which animals will be used at the morning and afternoon sessions to demonstrate desirable and undesirable conformations. Score cards will be used to teach the value of the different portions of the animal.

The speakers will be:
 J. Standish, V.S., Walkerton, Ont.
 C. M. MacCrae, Ottawa, Ont.

Who will speak on live stock topics using living animals at the stock judging schools, and if opportunity offers, are prepared to use them at the afternoon sessions of any institute meeting.

All persons interested are respectfully urged to attend. Young men should not miss this opportunity, dy 54-65 chg
